The responsibilities of the Academy, the parents and the student are summarised in the Home/Academy agreement which is signed by the Academy, the student and parents on the student's entry to the Tudor Grange Academy Redditch. (Appendix 2.)

CLASSROOM MANAGEMENT

The classroom is the most important place in the academy.

The following characteristics all contribute to high standards of behaviour within the classroom.

- Attendance and punctuality to lessons is monitored and any concerns are addressed in a timely manner
- The system of lesson expectations are clearly understood and applied
- Procedures are clearly understood regarding student discussion, participation in lessons, movement in class, the way in which work is handed in, and what students should do when tasks are completed
- Explanations are clear
- Work requirements of students are clearly set out, and progress is monitored carefully; clear instructions are given so that activities run smoothly. Misbehaviour is handled quickly and calmly so that the pace of a lesson is not lost and further disruption is minimised.
- Teachers have developed good listening skills, and react appropriately to students' responses
- Work set is appropriate to students' abilities
- Lesson objectives are shared with students and clear goals are set for each work activity
- Lessons start and end on time. Staff need to 'own the doorway' of their classroom, greeting students on arrival and dismissing them in an orderly manner.
- Classrooms are suited to a particular activity as far as possible
- All classes need a seating plan that is available on request. These will often be dictated by the activity but particular attention should be paid to the location of the more troublesome students and those easily distracted.
- External interruptions are minimised wherever possible
- Necessary materials for a given activity are available
(See Appendix 1. For Lesson Expectations)

STRATEGIES FOR DEALING WITH GOOD AND BAD BEHAVIOUR

- Children need a calm and purposeful classroom atmosphere.
- Teachers need to have high expectations of all their students, in terms both of achievement and behaviour.
- Discipline is most effective when teachers can be constructive and positive, and when they are specific about what behaviour is expected of a student and what is unacceptable.
- The conduct of teachers themselves is an important element of the academy ethos and of the behaviour of students.
- Teachers should adopt a range of strategies when responding to individual instances of disruptive behaviour. A public reprimand in front of other students may be appropriate in some circumstances but in other circumstances a discreet word with the students will be more effective.
- Interventions have to be carefully judged by teachers, using no more than is needed to secure the desired change in the student's behaviour; over-reaction may provoke unnecessary escalation of an already difficult situation and seriously limit the teacher's subsequent room for manoeuvre.
- Good behaviour should be recognised and rewarded. Where a sanction is necessary for bad behaviour the following general rules should be observed.
- Teachers should avoid the punishment of whole groups for the activities of individuals unless there are exceptional circumstances.
- Ringleaders should be picked out where appropriate but teachers should avoid being prejudiced by previous offences.
- Conversely, individuals should not be made scapegoats for the activity of a class or group.
- Sanctions should be in proportion to the offence.
- Whatever sanction is employed students should be left in no doubt as to why they are being sanctioned and how, through improvements in behaviour, they can avoid a recurrence.

- If a child does not respond appropriately to the sanction, the teacher should feel free to consult a senior member of staff without this being regarded as a failure. It is important in such cases not to allow the child's refusal to escalate into an issue in its own right.
- Where the learning of students is being seriously affected by the behaviour of an individual a teacher can use the 'cooling down' arrangements in place in each department that allow staff to remove a student from a lesson. Any student removed should automatically be placed in college detention and contact made with the parents.

REWARDS

Rewards are the positive recognition of achievement and progress and are an important part of maintaining student motivation and high expectations. The following are probably the most common examples but are not a finite list:

- Praise/verbal comment – an often underestimated, important reward
- Written comment
- Prominent display of students' work
- Merits
- Certificates of merit and commendation
- Letters and merits for good attendance
- Praise postcard
- Uniform reward cards
- Public commendations (in assembly for example)
- Letter from the Principal

SANCTIONS

High standards of student behaviour and discipline provide a positive environment in which teachers can teach and students can learn. We should expect these high standards at all times but the list below represents the most common sanctions against less than acceptable behaviour:

- Rebukes to individual, group or class
- Movement to another seat
- Entry in planner
- Penalty mark
- Report to teacher at break time / lunchtime / end of day
- Written sanction e.g. additional or re-attempt work
- Referral to Curriculum Leader / Lead Teacher
- Isolation in another class
- Placement "On Report" – parents informed
- Parents asked to visit Academy, joint monitoring by parents, tutor and / or College Leader
- Sanctions will be issued for poor punctuality **(see appendix 4)**
- Governor panels are used to highlight significant behaviour and/or attendance concerns
- Detention
- Behaviour points **(see Appendix 5)**

Incidents in lessons

- Subject teachers are responsible for all behaviour and work in their lessons. If a detention is deemed necessary then it is for the subject teacher to issue the detention and to be responsible for it.
- If the student fails to attend a detention without an acceptable reason then the matter should be referred to the Curriculum Leader/Lead Teacher and a College detention issued.

Misbehaviour around the academy

- All teachers are responsible for discipline around the academy. Any misdemeanour should be dealt with at the time by the teacher involved and appropriate sanctions should be applied.
- If a serious case of misbehaviour occurs that requires further investigation then the incident should be referred to College Support who will alert the member of Leadership on call. A student incident form should be completed for the student's file.

DETENTION

Detention is one of the sanctions which can be used by the Academy. Schools and academies have clear legal authority to detain students without the consent of parents.

Detentions Guidance

Private Detention

- Arranged and supervised by the individual member of staff at break or lunchtime.
- If a student does not attend this should be followed up by subject teacher in the first instance. If no acceptable explanation is provided then the Curriculum Leader/Lead teacher should be informed and a Curriculum detention issued with a warning that failure to attend will result in a day in Internal Exclusion.

Curriculum Detention

- To run every day from 3.20pm.
- Curriculum detentions of half hour are issued by the Curriculum Leader/Lead Teacher for range of reasons linked to expectations of students and their attitude and behaviour for learning. These are inclusive, but not exhaustive of; persistent punctuality concerns, disrupting the learning of others, refusal to follow staff instructions, inappropriate or unsafe behaviour within a classroom.
- Following a warning by the staff on detention duty, poor behaviour in a Curriculum Detention will result in an internal exclusion.

Serious Offences

For more serious incidents, the offence will be dealt with as soon as possible by the Curriculum Leader/ Lead Teacher and ideally on the same day. If necessary a member of the Leadership Team may be contacted to agree further action. A record will be kept on the student's file and appropriate sanctions may include:

- Same day detention after notifying parents
- Cooling off period in Academy
- Withdrawal from circulation at break and lunchtime
- Withdrawal from lessons (arranged by leadership team only)
- Internal exclusion or TATE* (arranged by leadership team only)
- Collection of student by parent after Academy
- Parent informed
- Parent asked in
- Student placed on a PSP (Pastoral Support Plan)

A Personal Support Plan (PSP) is a preventative measure for those students who: fail to attend school, display unacceptable behaviour and underachieve. The aim is to identify precise and realistic outcomes for the student to achieve whilst highlighting the support available.

For some offences, or where there are continuing behavioural difficulties for which other sanctions have been unsuccessful, a fixed term exclusion may be an appropriate sanction. In some circumstances, a lunchtime only exclusion may be considered a suitable option. The exclusion must be authorised by a member of the Leadership Group. In all cases of more than a day's exclusion, work will be set and marked.

If a further incident necessitating a fixed term exclusion occurs the procedure should be followed with additional in-Academy sanctions on return.

Illegal Substances

Any student involved in a drugs-related incident is liable to be permanently excluded. This applies whether in the Academy, to and from the Academy, or on an Academy activity. It covers not only the taking or possession of drugs, but also involvement in the purchase, sale or passing on of drugs, even if the drug itself is not brought into the academy.

TATE & THRIVE

The purpose of TATE and Thrive Mentoring is to address the inappropriate behaviours exhibited by the student and help the child to understand their exclusion from the wider school community in an attempt to restore, repair and rehabilitate.

Students in TATE will work with a mentor in an intensive intervention which will address the needs of the child and help to equip the child with the tools that they need to avoid further sanctions or repeating the negative behaviours that have been sanctioned.

The day in TATE runs from 9.00 am until 4.00 pm and students should be provided with a packed lunch, students who receive FSM will be provided with lunch. Parents are invited to a reintegration with their child and College Leader to explore what has been learnt over the course of the day and the strategies that will be employ in the future.

Successful reintegrations will end in a contract being signed, outlining and reinforcing specific expectations. Unsuccessful reintegrations will result in further exclusion from the wider school community, either in TATE or externally. If parents fail to attend the reintegration, students will remain in isolation until the meeting has taken place between all partners.

ANTI-BULLYING POLICY – Please refer to the Anti-Bulling Policy for more detailed information

Bullying at Tudor Grange Academy is defined as:

“The inappropriate use of power by an individual or group with intent to injure either physically or emotionally. It is deliberate and repetitive.”

Bullying can include: name calling; taunting; mocking, making offensive comments; kicking; hitting; taking belongings; producing offensive graffiti; gossiping; excluding people from groups; and spreading hurtful or untruthful rumours. This includes the same inappropriate and harmful behaviours expressed via digital devices (cyberbullying) such as the sending of inappropriate messages by phone, text, Instant Messenger, through websites and social media sites and apps, and sending offensive or degrading images by mobile phone or via the internet.

The Academy's commitment

1.1. The Academy is committed to providing a caring, friendly and safe environment for all students so that they can learn in a relaxed and secure atmosphere. Bullying of any kind is unacceptable at the Academy, whether it is on site or on off-site activities.

1.2. If bullying does occur, all students should be able to tell someone, and know that incidents will be dealt with promptly and effectively. This means that anyone who knows that bullying is happening is expected to tell a member of staff.

1.3. All members of the governing body, staff, students and parents should have an understanding of what bullying is and what the Academy's procedures are for responding to bullying.

1.4. The Academy takes bullying seriously. Students and parents should be assured that bullying will not be tolerated and that students will be supported when bullying is reported. Students who bully will be dealt with through the measures set out in the Behaviour policy.

How We Address Bullying

Students need to be regularly reminded that bullying is not an acceptable mode of behaviour and this is achieved through the reinforcement of Academy expectations through our *Tudor Values, Life Skills Programme*, curriculum and Academy assemblies and tutor times.

Students have access to a daily *Wellbeing Drop-In* during lunchtimes to talk through their worries and we have a VI Form mentoring programme which supports students.

Opportunities for parents to gain information and support are offered through parent information evenings.

Members of staff should be alert to possible signs/indicators of bullying, e.g. erratic attendance, spurious illness, regular desire to remain with adults, isolation. Although this behaviour may be symptomatic of other problems, it may be an early sign of bullying. New staff will receive information on recognising possible indicators and methods of dealing with bullying as part of their Induction process.

Action to be taken if bullying occurs:

When bullying is reported it will be taken seriously.

- Students are encouraged to report incidents of bullying to a member of staff
- If a student approaches a member of staff and says they are being bullied in the academy, the member of staff should listen and take it seriously

- It should be made clear to the student that they have made the right decision to say something. They have done nothing wrong, the bully has.
- It may be necessary to take immediate action as a member of staff.
- The member of staff should record what the student has said on a student incident slip which should be passed to a member of the Senior Leadership Team as part of ON CALL.
- If necessary, the matter will then be investigated further by a member of the Senior Leadership Team.
- It may be necessary where serious incidents of bullying are taking place outside the academy premises to contact/involve the local police.

Once investigated and verified, the academy will take the following action:

INFORM

Complete a student incident slip. Form to be placed in student's file.

The investigating member of staff to inform:

- Tutor
- Teaching staff and support staff
- Parent of victim
- Parent of bully

The academy informs the parents of both the victim and the bully, to outline action taken and to highlight the need for their support and vigilance, and to advise parents not to get involved in incidents themselves. The situation will be monitored and a reviewed.

VICTIM

Requires counselling depending on the nature and seriousness of incident, by:

A learning mentor, tutor or Educational Psychologist.

A range of strategies will be used depending on the nature of the situation, e.g. peer support, no blame approach, self-esteem building, mediation.

Staff will work with the victim, and wherever possible their parents/carers, to help them feel safe and find coping strategies and responses to bullying.

BULLY

Action taken will be determined depending on the nature of the incident and whether or not the student has been involved in bullying previously.

Incidents to be addressed as appropriate with use of punishment and /or counselling.

- If the incident took place in break or lunchtime, withdrawal at these times may be more appropriate than after academy detention.
- If the incident is of a physical nature this will need to be referred immediately to the Senior Leadership Team as part of ON CALL.

The bully will require counselling. Who does this will be determined by the nature of the incident (see list under Victim).

CYBER BULLYING

Cyber bullying can be defined as the use of mobile phones and the internet (e.g. Facebook), deliberately to upset someone else. It can be used to carry out all the different 'types' of bullying but instead of the perpetrator carrying out the bullying in person, they use technology as a means of conducting the bullying. Cyber bullying can include a wide range of unacceptable behaviour, including harassment, threats and insults, and like face-to-face bullying, cyber bullying is designed to cause distress and harm.

Children should be careful who they give their phone number to or invite into their personal space over the internet, and keep a record of the date and time of any offensive message. Teachers need to encourage victims to save messages or screen print information that they are concerned about and let a member of staff see them. When students report offensive messages the academy needs to take the complaint seriously; the child's family might also need to contact the police. If one or more students on a persistent basis have carried out such bullying, or there has been a threat of violence, it will need to be dealt with firmly. The same also applies to malicious emails etc sent by other students.

N.B. Mobile phones are not allowed in Tudor Grange and must not be brought into the Academy. We also strongly advise parents to monitor closely their child's use of the internet and especially social network sites such as Facebook and Instagram etc.

Behaviour Points

The Leadership team of the Academy monitor and track behaviour closely to support and enable this, points are attached to different sanctions in line with the severity of the sanction.

Private Detention	
Curriculum Detention (Same-Day)	1 point per issue
Internal Exclusion	5 points per day
TATE	8 points per day
External Exclusion	10 points per day

College Leaders will utilise the data to ensure that students are adhering to the expectations of the Academy and intervene when appropriate.

Students on 50 points will be placed on a PSP, which will involve regular meetings with home and the Academy to address the concerning behaviours that are occurring and support the child with appropriate interventions and strategies to rectify these behaviours.

Students who accrue 80 points will meet with the Principal and their parent/guardian to further explore the reasons for the value of behaviour points.

Students who are non-responsive to the previous layers of behaviour interventions will attend a panel of Governors at 100 points.
